ALBERTA EDUCATION
DOCUMENTS CATALOGUE

MARCH 1989

This catalogue was created to provide a listing of all materials published by Alberta Education which are catalogued by and located within the Alberta Education Libraries system. The catalogue provides author, title/series, and subject access.

The online database from which this catalogue is produced is constantly updated as Library Services catalogues new titles into the collection. Monthly acquisition lists are produced to update this catalogue.

Location Codes:

MAIN	Alberta Education Library
LAB.	Alberta Education Library Curriculum Lab
DEPT.PUB.	ALberta Education Library Services (microfiche)
DEAF SCHOOL	Alberta School for the Deaf
CORRESPONDENCE	Alberta Correspondence School

Items coded MAIN or DEPT PUB. may be borrowed by calling the ILL technician at 427-2985.

NOTE: Please discard the previous catalogue (1987) which this new edition replaces.

Vocational guidance

CAREER EDUCATION

Here are entered works on the total efforts of educational institutions and the community to help individuals both to become familiar with the values of a work-oriented society, and to implement those values in their lives in such a way that work becomes possible, meaningful, and satisfying. Works which are limited to instruction within the standard educational system (usually at secondary levels) to equip individuals for industrial or commercial occupations are entered under Vocational education.

COMPUTER MANAGED INSTRUCTION

Here are entered works on the use of computers to assist teachers and administrators in coordinating the instructional process, *e.g.* retrieving and summarizing performance records and curriculum files. Works on an automated method of instruction in which a student interacts directly with instructional materials stored in a computer are entered under Computer-assisted instruction.

EDUCATIONAL SURVEYS

Here are entered works on the methods and techniques employed, and on reports of individual surveys. For the latter the heading may be subdivided by place; in such cases a second subject entry is made under the heading Education--[local subdivision], *e.g.* 1. Educational surveys --United States. 2. Education--United States. For educational surveys on a special topic, the additional heading is made under the special topic, *e.g.* 1. Universities and colleges--United States. 2. Educational surveys--United States.

Power (Mechanics)

ENERGY CONSERVATION

Here are entered general works on the conservation of all forms of energy. Works on the conservation of a specific form of energy are entered under that form, *e.g.* Petroleum conservation. Works on the conservation of energy as a physical concept are entered under Force and energy.

Works on energy conservation in specific industries, facilities, etc. are entered under the appropriate heading with subdivision Energy conservation, *e.g.* Construction industry--Energy conservation; Transportation--Energy conservation.
